## SCHOOL BOARD LISTS TEACHERS FOR NEXT YEAR

Fails To Re-appoint Six Who Were Married During Year

## FOUR NEW NAMES APPEAR ON ROLLS

Re-assignments Loom Before Fall Term Gets Under Way

The board of education in approving Supt. E. S. Kerr's re-appointment of teachers for the Salem City school district for the 1938-39 school year, last night, also approved the superintendent's failure to re-hire six women teachers who were married within the past school year.

The board members placed their O. K. on four new teaching appointments, Robert Carey, John Paul Ollman and Lois Dilworth of Salem and Ada Alice Best of Perry, O.

## Not on Roster

Those whose names did not appear on the teachers' roster are Mrs. Fred Cope (Doris Shoop), Mrs. George Koonz (Mildred Herrell), Mrs. Donald Jefferson (Anna Ruth Miller), Mrs. Byron Albright (Mathilda Fernengel), Mrs. Harry W. Wentland (Eva Featherstone) and Mrs. Ralph Drinkhouse (Genevieve Speakman).

Miss Mary Louise Tracy's re-appointment was postponed until the board comes to a decision as to what will be done about school turning service.

Miss Tracy, instructress at Salem City hospital, has been teaching the senior girls' health course for one hour each day. Indications point to combining this work with the nursing service.

Re-assignment looms A general re-assignment of teachers throughout the school district in the fall is possible.

The re-appointments made last night carried with them, in some instances, small scheduled salary raises. High School Principal Harold M. Williams' salary was set at \$3,200.

Of the new teachers named, Carey is a Mount Union college graduate. He was graduated from Salem High school in 1933. Ollman, also in the class of '33 here, is a Grove City, Pa., college graduate.

Miss Dilworth, who graduated from Salem High with the class of '36, is now finishing a two-year course at Kent university and will graduate in June. She did practice teaching here last month.

Carey and Ollman will teach in the High school or junior high, it is indicated, while the two women will teach in the lower grades.

Miss Best, who received her degree from Western Maryland College for Women, has been teaching in the public schools at Perry for the last three years.

## List Re-appointments

The teaching re-appointments were listed by schools as of today, at Supt. Kerr indicated it is likely transfers will be made when schools re-open in September.

## The roster follows:

**High School**  
Harold M. Williams, principal, Hazel Beardmore, Claribel Bickel, Ester M. Brautigam, Herbert H. Brown, Ray B. Clarke, Frederick E. Cox, Marion Cox, Hazel L. Douglass.

The eviction order was issued when Thomas attempted to make a May Day speech.

## REV. R. D. WALTER IS CLASS SPEAKER

Presbyterian Pastor Will Give Baccalaureate Address

Rev. Raymond D. Walter, pastor of the Presbyterian church, will deliver the address at the baccalaureate service for the Salem High school graduates on Sunday, June 5.

This announcement was made by Supt. E. S. Kerr at the meeting of the board of education last night at the High school.

One hundred and sixty-two seniors are expected to qualify for graduation which will be an event of Thursday, June 10. As in previous years, the baccalaureate service the Sunday preceding graduation will be in charge of the Salem Ministerial association.

It was announced last night that Salem High school again has unqualified approval for annual membership in the North Central Association of Colleges and Secondary Schools.

## Urges New Heating Plant

The school board took under advisement the Ohio Inspection bureau's recent recommendation that the old heating system at the McKinley grade school building be replaced. The board's committee on insurance reported that in order to lower rates on some of the buildings, additional safety devices are being installed and fire hazards eliminated.

Board members approved a vocational survey by the state department of education as an aid to the vocational guidance program of the Salem Trades class.

The adoption of four new texts for use in the elementary grades was recommended by the board and includes: Geography for the third grade, "Neighborhood Stories"; geography for fourth grade, "Home Life in Far Away Lands"; geography and history for fifth grade, "Our Country, Past and Present"; and geography and history for sixth grade, "The Old World, Past and Present."

## 200 Will Take Part In Music Festival

LISBON, May 3.—Approximately 200 students will take part in the high school music festival to be held at the Salineville High school auditorium this evening under the direction of George Bretz, county music supervisor.

The program includes both instrumental and vocal selections, choruses and solos by Kathryn T. Guarnieri, guest artist. Miss Guarnieri is a famous singer and voice culturist, a pupil of Enrico Caruso. She is a pupil of Enrico Caruso. She is a pupil of Enrico Caruso.

## SALEM VOTERS' SUPPORT ASKED IN SCHOOL PLAN

Board Proposes Construction of Wing On East Side

## GOVERNMENT AID WILL BE SOUGHT

Cost of Complete Project Is Estimated At \$50,000

Because crowded conditions at Salem High school have become acute, the board of education at its regular meeting Monday night decided to ask citizens of Salem to support the building of a six-room wing. The project would cost about \$50,000.

Board members indicated they would like to have complete plans and specifications drawn up and approved in an attempt to share in the government's proposed recovery program. This would make the school project a Public Works Administration job, with a federal grant providing a good share of the expense involved.

## Voters Approval Sought

It would be up to the voters of Salem to approve, at an election, a bond issue, for the school district's share of the cost.

The Salem city school district is in a strong position, as far as its bonded indebtedness is concerned. The total is \$165,000. Clerk George Koonz told the board last night.

The board feels its request for the school addition is modest when the public considers the real building needs, together with the possibility of securing the cooperation of the PWA.

The average monthly enrollment at the high school, Supt. E. S. Kerr explained, has been 916. The building is designed to house only between 400 and 500. Eighteen rooms are suitable for regular class work.

"This average of more than 50 pupils per regular class room," the superintendent explained, "represents a condition which has grown steadily worse for the last 10 years. The situation has reached the stage where something must be done to relieve the congestion."

## Sit On Window Ledges

"Teachers cannot be expected to do even average work with rooms jammed so full of pupils that they are compelled to sit on window ledges or to stand around the walls during the recitation hour."

"Many class sessions must be held in the laboratories and shops not at all suited to the work in hand. Three or more sections of pupils try to use the auditorium as a study hall where classes in music and dramatics are attempting to do their regular work. This creates an impossible situation."

Frederick P. Mullins, president of the school board, suggested last night that the board go ahead and prepare plans for the proposed addition which would include a basement, second and third floors. The new wing, extending eastward, would complete the present building.

## Prisoner's Fight To Escape Death Fails

WASHINGTON, May 3.—Heber L. Hicks of Franklin county, Indiana, convicted of first degree murder, failed in the supreme court today in his effort to escape the death penalty. He is under sentence to die May 6.

The high court refused to pass upon the Indiana supreme court's affirmation of the sentence. A stay of execution also was denied. Hicks and three others were indicted in 1936 in connection with the slaying of Harry R. Miller.

Hicks contended the trial court erroneously admitted an alleged confession of guilt and that witnesses against him gave perjured testimony.

## Places The Blame

He criticized "the reformers, the theorists, the prophets of the new day" on whom he placed the blame for "the serious predicament we are in today."

He made no direct comment, however, on governmental measures to regulate business. Last night Winthrop W. Aldrich, chairman of the Chase National Bank of New York, declared that President Roosevelt's new spending and credit expansion policies amount to "throwing away all safeguards, removing all brakes and heading for disaster."

The speech by Aldrich, one of 16 business leaders who recently pledged the President their aid in bringing government and business closer together.

## GOVERNOR CALLS RELIEF SESSION

Legislature Will Return May 16 To Study State Needs

(By Associated Press) COLUMBUS, May 3.—Ohio legislature will come back May 16 to wrestle with its third co-called relief crisis.

Gov. Martin L. Davey in a speech broadcast last night called a special session for that date to consider legislation intended to relieve financially-distressed cities.

The problem will be in no way unique to Ohio's assembly members. They took office on Jan. 1, 1937, and at the end of that month found relief funds exhausted. So they passed stop-gap measures. These lasted until April 15, when the entire state relief set-up collapsed and its administrative organization disbanded. Nothing was done to alter the situation.

## Ended in February

Last November the legislature returned upon Gov. Davey's call, a principal reason for which was relief legislation. The solons wound up the session in the late hours of Feb. 28, this year, after approving at the last minute measures that provided \$12,000,000 for relief and placed administration in the hands of local governments.

Now they are coming back to debate laws designed to supply

## CLEAN-UP WEEK DATES ARE SET

Salem Residents Instructed To Be Prepared; Trucks To Start Out May 17

Clean-up week in Salem was set for the week beginning Tuesday, May 17, following a conference this morning between Service Director Frank Wilson and Sanitary Officer William Roach.

The clean-up will continue until all the rubbish which residents put in front of their homes is picked up and hauled away. This is expected to take a week, at least.

Service Director Wilson emphasized there will be no second visits of the city trucks to any neighborhood and rubbish not ready when the trucks make their only call must be removed at the expense of the property owners.

All rubbish must be placed in boxes or other receptacles along the streets where it can easily be loaded into the trucks.

Tin cans, bottles and other junk will be removed free of charge. Ashes and garbage will not be accepted.

The service director explained that residents should have their refuse out in front of their homes the first day. No schedule for the trucks to follow has been fixed.

## Two Auto Thieves Hunted By Police

An automobile belonging to Teofil Andrei of 140 W. State st., was stolen from his parking place in front of his home Monday afternoon.

While walking toward the police station to report the theft Andrei saw two young men park his car on E. State st. just two doors away from police headquarters.

He shouted at them. The men ran down an alley and Andrei recovered his car. Police scoured the district for the pair but was unable to find them.

## E. Liverpool Road Project Approved

State highway department officials announced today the granting of Federal approval of a project to relocate Route 7 along the Horn switch in East Liverpool at an estimated cost of \$80,000.

The project calls for grading and paving a new highway, 40-feet in width and one-fifth of a mile in length.

The project is designed to eliminate traffic congestion in the diamond section of the East Liverpool business area. When completed, the highway will send traffic along the Horn switch between Dresden ave. and W. Ninth st.

## NAMES SECRET UNTIL SERVICE IS COMPLETED

Forty-six Indictments Are Listed As Report Is Made

## 12 CASES IGNORED, SEVEN CONTINUED

Adjourn To June 6; Will Resume Gambling Quiz At That Time

LISBON, May 3.—Forty-six true bills, including 27 secret indictments, were returned late Monday afternoon by the April grand jury in a report made to Common Pleas Judge W. F. Lones. Immediately after receiving the report Judge Lones adjourned the session until June 6 at which time the jury will re-convene to renew its probe into gambling operations in the county.

The majority of the secret indictments are believed to concern number writers and slot machine operators whose activities occupied the jury during a large part of the body's two weeks investigation. Capias service in connection with the secret bills will start at once, the prosecutor's office stated.

Determined to stamp out racketeers operating in the county, Judge Lones instructed the jury to conduct a comprehensive probe in his charge April 18. The secret bills are believed to be the jury's answer.

## Quiz 118 Witnesses

The body investigated 65 cases, interviewed 118 witnesses, ignored 12 cases and continued seven. Among the cases continued were those of Louis Wolfberg of New York City, Alexander Brown and Earl M. Arbuthnot of East Liverpool, accused of arson in connection with two fires at the Peoples Credit Co., East Liverpool.

Those indicted include Clarence M. Harrington, Wellsville, embezzlement; Alvin Franklin, East Liverpool, assault and battery; Harry Alton, Salem, non-support; Pete Neal, East Liverpool, robbery; John Clutter, Wellsville, obtaining money under false pretense; Ralph Houshour, Salem, operating a motor vehicle without the owner's consent.

William J. Lloyd, Wellsville, petit larceny; William J. Lloyd, non-support; William Fox, Jr., and Miles J. Smith, Lisbon, joint indictment charging auto theft; Harold Estep, East Liverpool, attempted arson; Robert Unger and Bernard Holt, East Liverpool, burglary and larceny; William Blackburn, Salem, assault and battery.

Ronford Rice, Louisa, Ky., two indictments charging auto theft and robbery; Harold Oliver, Robert Unger and Homer Brown, East Liverpool, jointly indicted for burglary and larceny; Robert Ward Biles, Salem, non-support; Doran Smith, Harold Stokes, August Cerone and Robert Donnelly, alias Paul King, Leetonia, receiving and concealing stolen property; Pearl Howell, alias Purl Howell, East Liverpool, two indictments charging burglary and larceny and assault with intent to kill and wound.

## Cases Ignored

The cases ignored by the jury included those of Carl Lewellyn, Salem, bound over on charges of assault and battery and assault with intent to kill; Lucia Himmelsbach, Salem, reckless driving; Robert Court, Salem, assault and battery; Herbert Miller, Salem, failing to stop after an accident; David S. Nangle, Perry township, shooting with intent to kill.

## THE NLRB'S GOLDEN OPPORTUNITY

The legal question raised concerning the fairness of NLRB hearings which resulted in orders against certain employers, including Republic Steel Corp. and Ford Motor Co., is a golden opportunity for this agency to redeem itself.

Labor board hearings have raised many times in the public mind the doubt that this agency could afford to disregard judicial traditions embodying basic concepts of fair play. For it is true that when the rules of fair play are violated by one party to a controversy to win a victory, neither the loser nor the public will recognize the victory.

A board friendly to certain labor organizations and determined to prove its friendship at any cost can't afford, in other words, to establish precedents which undermine confidence in its impartiality. A future board, possibly unfriendly to the same organizations, could use such precedents for an opposite purpose.

The supreme court of the United States in a ruling April 25 invalidating an order issued by Secretary of Agriculture Wallace on the grounds of irregular procedure said that disregard of "proper standards" by administrative agencies performing quasi-judicial functions is a "vital defect."

"Maintenance of proper standards," the court reasoned, "in no way cripples or embarrasses the exercise of their (administrative agencies) appropriate authority. On the contrary, it is in their manifest interest. If these multiplying agencies deemed to be necessary in our complex society are to serve the purposes for which they are created and endowed with vast powers, they must accredit themselves by acting in accordance with the cherished judicial tradition embodying the basic concept of fair play."

The NLRB has nothing to lose, nor do those who hope to benefit by its activities have anything to lose, by performance of its function in a way so blameless of prejudice that its orders when they are issued will be legally unassailable.

There is no victory worth gaining by tactics which enable an opponent to claim he wasn't given a fair chance. The labor board's prestige can be increased hugely by forthright recognition that the criticism which finally is being given expression in court is sound and should be taken to heart.

## THE HUMAN ELEMENT

It's fun and good mental exercise to assail Boss Hague's heavy handed rule of Jersey City as a denial of guaranteed constitutional rights, but the human element must be considered, too.

Norman Thomas, who was hustled out of Boss Hague's "Heifdom" twice last Saturday night, didn't merely happen to stumble into that predicament. He had warned Boss Hague he was coming, and he knew what probably would happen to him. It did.

To be sure, it was a violation of civil liberties, but what did Mr. Thomas expect Boss Hague to do? He had put the boss on the spot. For that matter, the boss had put Mr. Thomas on the spot, too. Each of them had issued a dare to the other one. Being resolute men, neither could back down. Boss Hague was in the wrong, of course, but only so far as civil liberties are concerned. According to his own lights, he was in the right. It's a tailor made example of why Americans have nothing to gain by permitting men to entertain the idea that what they think is right is more important than what the law says is right.

In the meantime it's interesting to wonder what kind of a reception Boss Hague would get in Jersey City if Mr. Thomas or Earl Browder were running it, and he tipped them off a couple of days in advance that he would be dropping in some Saturday night to thump a tub for his point of view. They would get out the band—or would they?

## 500 YEARS TOO LATE

The Nazi book burners, doing their level best to revive an old German custom, are 500 years too late.

Even when their ancestors were trying to get rid of Martin Luther by burning his books, it was already too late. A German printer by the name of Johann Gutenberg already had been born, had lived and had

died, leaving to the world the invention of movable type.

At that point books ceased to be the property of a few and began to be the property of the many; likewise, the ideas which they contained. Today, it is safe to say, the Nazis cannot burn a single book which hasn't been reproduced in whole or in part and distributed over the world. Try as they will to turn back to the middle ages by destroying the signs that they have emerged from intellectual darkness, they can't do it.

What they can do is to stimulate the publishing business by creating a demand for new books. More power to them. It's the sincerest tribute Johann Gutenberg could ask from his countrymen.

## THE STARS SAY:

For Wednesday, May 4

The astral interventions seem to point to a day of drastic action, with suddenly-precipitated change, travel or adventure of quite unpredictable importance. Radical, possibly devastating situations may have to be dealt with. These may be precipitated by a death, bereavement or other sudden separation.

If This Is Your Birthday

Those whose birthday it is are on the eve of a year of major happenings, with much suddenly developing which may have a bearing on the future destinies and fortunes. Employment, business, private affiliations and secret ambitions are in the balance, to be manipulated with sagacity for ultimate gratification.

A child born on this day may be restless, unsettled and subject to peculiar fears and mental anxieties. It may be well equipped for success in employment or in rather unorthodox occupations.

## ROME PARLEY SEEN AS IMPORTANT POLITICALLY

By DEWITT MACKENZIE  
Associated Press Foreign Affairs Writer

NEW YORK, May 3.—The ermine-lined imperial party tendered to Nazi Leader Hitler in the Eternal City of history, apart from being one of history's most elaborate expressions of hospitality to an individual, promises to be a far-reaching event politically.

It undoubtedly will have a vital bearing on the prospects of European peace.

Evidently the Rome-Berlin axis is about to be put at high speed, and the rest of Europe is watching anxiously to see if it will stand the strain.

## Some Explaining Seen

The watchful observers aren't expecting any explosion, however, although Herr Hitler presumably will have to do a mighty persuasive bit of explaining about his annexation of Austria. Il Duce wasn't expecting that.

Cross words may be spoken in private, but the two dictatorships need each other for mutual protection and aid in the prosecution of their plans for extension of power. Moreover, Hitler has maneuvered himself into such a strong position that Il Duce hardly can be eager to quarrel with him.

This conference is in effect a counter to Mussolini's recent agreement with Britain and conversation

with France. Der Fuehrer is traveling with an exceptionally large entourage of persons. These include not only Foreign Minister Joachim Von Ribbentrop but General Wilhelm Keitel, chief of the high command.

The presence of General Keitel makes it evident that military matters will come under discussion. This in turn gives rise to speculation as to the possibility of a formal military Alliance between Italy and Germany. The democracies headed by France and England would like to avoid that.

## Focal Point of Conference

The local point of the conference presumably will be the situation in Czechoslovakia, where the big population of German Nazi citizens is acquiescent in the Nazi program for extension of control into Czechoslovakia.

This burning Czechoslovakian issue will involve Hitler's whole program of expansion eastward, and into the Balkans. He is encroaching on territory which Italy has regarded as her private preserve.

Hitler isn't likely to agree to anything that will hamper his program for expansion and creation of a great Germanic confederation.

Mussolini, for his part, must continue to play with both Germany and the Anglo-French combination. He holds the balance of power, and so long as he can maintain that

delicate position he will be sitting in a favorable spot.

The precautions taken by Mussolini to safeguard his guest's life are almost unbelievable. It is estimated that more than 6,000 people of questionable character have been arrested. A veritable army will protect the Nazi chieftain.

## American Jews Plan Plebiscite June 25

NEW YORK, May 3.—American Jews will hold a plebiscite June 25, 26 and 27 in 304 American cities to determine their attitude towards questions affecting Jewish life and to create a united democratic front against anti-Semitism.

Plans for the plebiscite were announced today by Dr. Stephen S. Wise and Louis Lipsky, president and vice president, respectively, of the American Jewish Congress. All Jews over 18 may vote after paying a ten-cent registration fee.

They will be asked among other things, to decide whether the boycott against Nazi Germany shall continue, whether they favor establishment of a free Jewish state in Palestine, and whether the American Jewish Congress shall be the representative agency of American Jews in defense of equal rights of Jews.

## Kalamazoo Only Debtless City of Its Size

Kalamazoo holds the unique distinction of being the only city of its size in the United States free of debt. This signal honor is due to the efforts of a small group of civic-minded citizens who threw out the old political machine and aldermen-type of government, instituted a commission plan and city manager administration, and adopted a pay-as-you-go policy. Taxes were temporarily increased but as the funded debt was paid off, reductions in the rate were effected and today this Mich-

igan city has brought about many public improvements, paid off its debt, and developed an efficient and economical government. Topeka, Milwaukee and Greenwich, Conn., are other cities following this example and working their own solution to the problems annually discussed by the United States conference of mayors of which Fiorello La Guardia is head. Nebraska is leading the way among the states, being the only one of the 48 completely out of debt.

## SWOLLEN GLANDS

"CERVICAL ADENITIS" sounds like something vicious and serious. It is the term applied to swollen glands of the neck. It is really a symptom, giving evidence of the existence of some infection.

This is a rather common ailment of young children. It usually occurs in those who are undernourished, with lowered resistance against infections and perhaps having constitutional disorders.

The infection may center in the nose or throat. Perhaps the swollen glands are due to infected tonsils, teeth or nasal sinuses.

Sometimes they are associated with adenoids. It may even be a symptom of tuberculosis.

It is nature's way of combatting germs which have entered the body. But why do these glands become enlarged?

It is fortunate that they do become enlarged, because, in a sense, they entrap and screen out the poisons.

It is for this purpose, among others, that our bodies are supplied with the structures known as glands. They are so located in the neck, throat, arms, chest, abdomen and the lower extremities so that all parts of the body are protected.

## Cervical Glands

When an infection is confined to any area above the collar bone, the cervical glands or glands of the

back become enlarged. An infected finger usually leads to enlargement of the glands in the arm or the arm pit.

If the infection is pronounced, the glands may not be able to hold back the germs. When this is the case, the germ enters the blood stream. This leads to a serious condition known as "blood poisoning."

Simple enlargement of the gland can be disregarded, but if it becomes inflamed cold packs will help. But sometimes the glands may become markedly enlarged, become infected and break down with a discharge of pus. If a gland becomes distended with pus and is extremely painful, a minor operation is required. This is to permit the drainage of the pus.

Swollen glands should never be accepted of little consequence. As I have said, their presence is nature's warning and demands medical attention. The underlying infection must be found. For this reason it is important to consult with your doctor.

# "Love I Dare Not" by ALLENE CORLISS

**SYNOPSIS**  
Alec Graham, 36, is a successful playwright, and Gina Warren, at 31, has matched his success in her own field, portrait painting. Ten years ago, they had been deeply in love, but the demands of their careers had become so pressing that, finally, they had drifted from the idea of marriage into an almost casual friendship. Dining one evening with Barry Bedard, art critic and old friend, Gina confesses to him her regret that she and Alec allowed ambition to become more important than love. Believing that Alec shares her feelings, she resolves to discuss their future with him later that same evening. While Alec is waiting for Gina at her apartment, her 19-year-old cousin, Caroline Hoyt, arrives from Maine. Caroline is interested in dramatics and Gina had written that she would help her get started. Embarrassed by being received by a stranger, Caroline tells it is unkind of Gina to have Alec and her then been absent when she arrived. But she is thrilled when she learns who Alec is. She speaks of one of his plays, "Return to Love."

**CHAPTER VII**  
We put it on at college last year, played the part of Katherine," she stated at her, his eyes narrowed reflectively. "Yes, of course, Katherine. I can see you." He smiled slowly. He said, "I bet you did a swell job with the part." "I did. For weeks afterward I was Katherine. Really, I walked like her and talked like her. I'm sure I'd like to talk to you about her some time. I'm sure I understood her, but there were some things I'd like to ask you... some things I've never quite sure about. You know that line at the end of the second act... the place where she says "Listen," said Alec, nearly an hour later. "I can take you to a woman tomorrow who can do to women for you. She'll drive you like a truck horse, but if you can take it, I'll make an actress out of you in three months... maybe less." "I can take it," said Caroline. "You wait and see." Gina, coming in on them at this particular moment, was to remember all her life exactly how they looked sitting there in the firelight. Caroline, whom she had never seen before in her gay, casual clothes with that halo of bright hair, and Alec, his face animated and delighted as she had not seen it in years, then she cared to remember. In that moment she knew that probably she would never tell him what she had come hurrying from Barry to tell him... that moment she also knew that she was to go on with Alec, have a secure emotional future with him, she must manage somehow to move this clear-eyed child from both their lives as soon as possible. But in the days that immediately followed, Gina did nothing about it. Considering it afterward it occurred to her that in that very moment of acknowledging that she had done something she had known she wouldn't. There was too

## UNIQUE LABOR FIGHT RECALLED

### Kossuths Build High Wall To Keep Their Workmen In

DAYTON, May 3.—The stockaded community, that relic of the period when pioneers blazed away at Indian attackers from behind long walls, did not leave Ohio with the departure of the Red Man. As late as 1915, the Kossuth colony, old Hungarian community here, was surrounded by a protective wall—not to keep Indians out but to keep laborers in.

#### Compete For Labor

J. D. Moskowitz, who started the colony in 1905, said the community had its origin in an extreme labor shortage. To fill orders amounting to millions of dollars, one company imported laborers and artisans but competing firms and other industries hired them away as fast as they were brought in.

In order to break up this practice, Moskowitz said, a high board fence was built and everything the workers and their families needed for normal existence was put within the enclosure. Guards, maintained by the colony, were stationed at the gates and no one other than a resident could enter.

Moskowitz emphasized that the "stockade", as it was called, in no manner was intended to exemplify an enslaved people. It was constructed, he said, to keep out "labor racketeers" of that period, who attempted to "entice" the workers away.

## THOMAS HURLS 'KIDNAP' CHARGE

### Demands Federal Investigation Of Jersey City "Abduction"

NEW YORK, May 3.—Norman Thomas, demanding a federal investigation of his "kidnaping" by Jersey City police, said today he would return to Mayor Frank Hague's stronghold "in the near future" and attempt to hold another public meeting.

The white-haired national chairman of the Socialist party twice was hustled from Jersey City by police Saturday night when he tried to deliver an unauthorized open air May day eve address. Communist and Socialist rallies are banned in the city.

Resting at his farmhouse in Cold Spring Harbor, N. Y., Thomas awaited replies to letters to President Roosevelt and J. Edgar Hoover, head of the Federal Bureau of Investigation, before taking action on his expulsion.

Thomas said he asked Hoover if it were possible to prosecute on kidnap charges "those responsible" for his eviction.

"I meant Hague", he explained.

#### Charges Abduction

Thomas wrote President Roosevelt and all members of the Democratic national committee that he had been abducted "by agents of the Fascist national vice-chairman of your party (Hague)".

The veteran Socialist, thrice his party's candidate for the presidency, received a strong pledge of support from Alf M. Landon, 1936 Republican presidential nominee.

The former Kansas governor wrote him from Topeka:

"I am shocked at your treatment in Jersey City and at such a gross violation of our sacred right of free speech."

"I want you to know that I stand shoulder to shoulder with you in this fight for the right of free speech."

Defending his police, Daniel Casey, Jersey City director of public safety, said the presence of Thomas in the city had created a disturbance.

He declared the Socialist leader's "efforts and those of the Communists and Reds he represents to create disorder and violence in our community will be defeated just as were the efforts of the CIO to invade Jersey City."

## Tribute Paid American Mothers

Mary Towles Sasseen

Mrs. Lucy Parker

On May 8 America's millions join in paying tribute to the mothers of the nation. Mother's Day was first observed in 1887 at the instigation of Mary Towles Sasseen, a school teacher of Henderson, Ky. Mrs. Lucy Parker of Hickman, Ky., was recently picked by a New York artists' committee as a "typical American mother".

Shortly afterward sewers were constructed, gas was brought into the homes and later electricity was made available. Today only part of a two-story club house remains to remind residents of the colony's origin.

# REDINGOTE Is Style's Harbinger of Springtime

## AND THIS YEAR THEY ARE ESPECIALLY SMART AND WEARABLE

By MARIE MAROT

IN the world of horticulture, the first tulip is a sign of spring. And in the world of the couture, it is the redingote costume that tells the vernal story. This year the redingote ensembles are especially smart and wearable, trim and trig, with plenty of color to set off their good cut. A good redingote costume is a good investment and the knowing woman makes an early selection. They are nice with furs now and without furs as the sun starts to do its stuff. ## U. S. CHAMBER OPENS MEETING

### Officials Predict It Will Be Ready To Meet Problems

(By Associated Press)

WASHINGTON, May 3.—John W. O'Leary, an official of the United States Chamber of Commerce, predicted today that business organizations, "given the opportunity, will be adequate to meet the difficulties which now beset us."

O'Leary, chairman of the executive committee, warned the chamber's council against efforts to provide "supervision and ultimate control of our trade associations." "The experience which we have all had through the NRA experiment is sufficient to show how governmental supervision hampers and retards real business progress," he said.

"Every limitation upon initiative is detrimental to public and private interest alike."

His address was prepared for a meeting preliminary to the chamber's annual convention, for which 2,500 business men from all parts of the country were gathering.

The convention was being watched by administration officials, eager to ascertain how the majority of the delegates reacted to the president's "pump-priming" program and to the pledge of business-government cooperation signed by 16 prominent industrialists.

In the past the chamber has opposed some Roosevelt economic policies. O'Leary, declaring the chamber had tried to encourage local thinking and local action, said:

"Our hope of success lies in the ability of localized business to see itself in national perspective and measure up to its national responsibilities."

"Rare As The Panda" "Business men generally recognize this fact. The so-called 'reactionary individualist,' so often denounced by the economic and political theorists, is becoming as rare as the giant panda."

### Young Bandits Rob Spencerville Bank

LIMA, May 3.—Three apparently scared young bandits robbed the Citizens and Farmers bank at Spencerville, 12 miles southwest of here, of \$500 at noon today.

The trio escaped in an automobile bearing license plates which police said were stolen in Columbus.

Waving guns, the robbers forced two clerks, Francis George and Richard Power and Harmon Michels, to sit in the lobby while they looted a cash drawer.

In their haste the gunmen overlooked two cash drawers and dropped some money on the floor. Three state bank examiners were auditing books in a rear room, but were not aware of the holdup until the robbers had escaped.

### Former Boy Movie Star Is Victorious

LOS ANGELES, May 3.—Jackie Coogan gloved today with the elation of his first sweeping victory in a legal fight with his mother and stepfather for "The Kid's" onetime film fortune.

Saying that "I do not think a child is bound to give his services to his parents," Superior Judge Emmet H. Wilson overruled two demurrers to Coogan's \$4,000,000 accounting suit and rejected several defense motions.

He denied a petition by attorneys for Mr. and Mrs. Arthur L. Bernstein to dismiss the receivership of Coogan-Bernstein properties, varying estimated to be worth \$250,000 or \$500,000.

### Nye Asks Congress To Lift Arms Ban

WASHINGTON, May 3.—Senator Nye (R-Nd) asked congress today to lift the embargo on shipment of war materials to Spain.

Nye explained off the senate floor that his resolution, if approved, would permit either side in the Spanish civil war to "buy materials in this country and ship them in their own boats."

He said this country's position under the present law had been "un-neutrality," asserting the embargo had worked to the disadvantage of the Barcelona government.

## FLORIDA VOTE IS OUTSTANDING

### Southern Balloting Important; Three Other States Active

(By Associated Press)

Florida Democrats chose their nominee for U. S. Senator today in a five-cornered contest, whose national aspects made it outstanding among primary elections in four states.

Sen. Claude Pepper asked renomination as a consistent supporter of President Roosevelt's policies. He bore the endorsement of James Roosevelt, the President's son and secretary.

One of his opponents was Representative Mark Wilcox, who has opposed several White House recommendations. Wilcox as a campaigner criticized the "brainstorms of brain trusters."

Former Gov. Davey Sholtz, another candidate, aligned himself with the administration at Washington, calling at the same time for less "government interference" with business.

Florida Republicans also had a senatorial primary, their first contest in history for a statewide nomination.

In South Dakota, Alabama and Indiana, local interest was high but national issues were not so directly involved. All four states were selecting nominees for congress and various state offices.

The South Dakota campaign witnessed a last-minute injection of religious issues. Anti-Catholic handbills were circulated anonymously, and a reward was offered by former Governor Tom Berry for identification of their source.

Berry and Representative Fred Hildebrandt were attempting to upset Senator Herbert Hitchcock's campaign for Democratic renomination to the senate. In the Republican senatorial primary three candidates opposed Governor Leslie Jensen.

Alabama's Democratic primary found Senator Lister Hill and Speaker Bankhead unopposed for renomination. Former Senator Thomas Heflin, attempting a political comeback, opposed Representative Joe Starnes for the latter's house seat.

Indiana voters will not select their senatorial nominees until June conventions, but three representatives were opposed for renomination today.

LISBON, May 3.—Prosecutor  
Karl Stouffer went to Columbus  
this morning to ask the state su-  
preme court for a writ of amicus  
curae, meaning friend of the court,  
to allow him to sit in on another  
legislative episode in the Lloyd C.

fight.  
The prosecutor wants to be on  
hand at the demurrer hearing which  
Kirk filed against Wheatley's quo-  
warranto proceedings so that he  
might present additional evidence  
in the case. The hearing date has  
been set for May 25.  
The prosecutor hopes to be able  
to clear up several problems in-  
cluding the salary held in escrow,  
the election issue in the fall and  
other related matters.

## REDS TO FACE LOOP LEADERS

**Cincy Meets Giants After  
Sweeping Series With  
Pittsburgh Pirates**

CINCINNATI, May 3.—Riding the crest of a three-game series sweep of the Pittsburgh Pirates, the Reds today faced a little tougher company in the league leading Giants.  
Big Paul Derringer, who has won two out of three starts on the mound, was nominated to halt the 11-game winning streak of last year's pennant winners. The Giants depended on Hal Schumacher to keep them in the win column.

The Giants, however, were without the services of Burgess Whitehead, regular second baseman, who was ordered to rest from a nervous breakdown, and Jimmy Ruppel was considered a doubtful starter after being hit on the head with a pitched ball in the game with the Brooklyn Dodgers yesterday.

Goodman marked up two homers to lead the standings in the final game with the Buccaneers yesterday as the Reds won, 8 to 6. With Johnny Vander Meer keeping his fireball under control, the Pirates were held to six scattered blows for eight innings. Getting four runs off four hits and an error in the ninth, the Pirate rally was nipped by the Veteran Ray Benge.

With the score tied, the Reds went into a three run lead in the fifth as Goodman led off with a homer and Cooke, Lombardi and Craft singled. Brown replaced Bianton for the Bucs, and the Reds brought in two more tallies in the sixth on three singles and a fielder's choice.

**If Joneses Build Big

WASHINGTON, May 3.—The senate adopted today an amendment to the \$1,155,000,000 naval expansion bill which would prevent the construction of battleships larger than 35,000 tons unless the President determines that other nations are building larger warships.

The amendment, proposed by Senator Vandenberg (R-Mich.) was accepted and defended by Senator Walsh (D-Mass.), floor manager for the naval expansion bill, who told the senate the navy does not desire to build ships larger than 35,000 tons unless other nations do.

**Two Women Beaten  
By Hammer Slayer**

COLUMBUS, May 3.—An aged, invalid Columbian woman was beaten to death early today and another woman was injured critically by a crazed hammer slayer.  
Mrs. Lida Priest, 70, was slain as she slept. Mrs. Ella Brewer, 52, of Logan, who was sleeping with her, was in Mercy hospital with a skull fracture and physicians said she might die.

Detective Ed Love of the homicide squad said that a relative of the woman was being sought as the slayer. The detective asserted that the suspect had been suffering from a nervous ailment for a year. Police found the hammer apparently used in the slayings in a flower garden outside the Priest home in the south side industrial section.

Mrs. Gladys McKibben, daughter of Mrs. Priest and sister-in-law of Mrs. Brewer, sleeping in another room, was awakened by Mrs. Brewer's screams. She provided police a clue to the assailant.

## Canton's Crusade Reduces Accidents

CANTON, May 3.—For the third month Canton's crusade against traffic accidents has resulted in no deaths, a survey of the April record revealed today.

The city's traffic toll for the first four months of 1938 stands at three as against 15 for the first four months of 1937. The three fatalities occurred in January.

In Stark county which includes Canton, Massillon and Alliance, there have been 10 deaths since Jan. 1. Last year a total of 35 were fatally injured in traffic during the first four months.

There were no deaths in the county during April this year. In April of 1937 four fatalities were reported.

In Canton where police have been conducting a campaign against traffic violations there were a total of 110 accidents in April as against 170 during the corresponding period last year.

# 36 SCHOOLS ENTERED FOR NIGHT RELAYS HERE

## Toledo Scott Is Favorite In Field Of Pennsylvania And Ohio Class A Squads

New Entry Record For Ninth Annual Night Relays Assured With 36 Schools Already In; Numerous Outstanding Stars Are Entered

The spotlight of Ohio and western Pennsylvania scholastic track and field activity turns this week to Reilly stadium where some 700 athletes representing schools from both states will vie Saturday in the ninth annual Salem Night Relays.

A record entry for the meet, which is the only one of its kind held in the United States, is practically assured since 36 schools have already notified Frederick E. Cope, director, they will compete.

Forty schools, 37 from Ohio and three from Pennsylvania, competed in the 1937 relays, won by Salem.

Cope said that he expects at least five schools and possibly more to enter the annual classic before Friday, thereby boosting the total entry to more than 40 teams and setting a new record for the meet.

Six of the schools already entered are from Pennsylvania. They are Erie Strong Vincent, Erie East, Cannonsburg, Wilkinsburg, Jeannette and Brentwood. Ohio schools listed in the entry at the present time are:

Akron Buchtel, Akron East, Akron West, Akron North, Akron South, Akron Garfield, Barbours, Boardman, Alliance, Canton Lehman, Canton McKinley, Cleveland East, Cleveland Cathedral Latin, Cleveland Heights, Cleveland Shaw, Dover, East Palestine, Lisbon Lorain, Louisville, Niles, Mansfield, Ravenna, Salem, Struthers, Toledo Scott, Youngstown Rayen, Farmington and Attica.

All but two of the schools entered to date are Class A. Farmington of Trumbull county and Attica of Seneca county are the Class B entries.

The majority of the Class B schools which have competed in the meet in past years have switched this year to the Poland relays which will be held the same day. The Poland meet is strictly for Class B schools and competition will not be as stiff as in the Night Relays.

Among the schools which Cope hopes to hear from in the next few days is Cleveland Central, winner of the Mansfield relays several weeks ago. Central, coached by C. F. Ciochetti, would like to enter the meet, but must first secure the permission of Floyd Rowe, athletic commissioner for northeastern Ohio.

A ruling in Cleveland schools prevents a High school track team from competing in more than one meet a week, and Central is already scheduled for a dual meet this week.

Commissioner Rowe informed Cope that Central would be permitted to enter the night relays if the team cancelled its other meet. Cope expected to hear definitely from the Cleveland school either today or tomorrow.

Regardless of whether Central enters the meet, Toledo Scott will be a strong favorite to capture the team championship. Scott, coached by Dave Brown, won the Salem relays title in 1936 and did not defend its championship last year.

The Toledo team has cut an impressive path in Ohio scholastic track circles thus far in the 1938 season, finishing one-half point behind Cleveland Central in the Mansfield relays and winning the annual Ohio Wesleyan relays last Saturday.

A renewal of the feud between Scott and Central for

## SENATORS AND TIGERS STAGE ODD SURPRISE

Washington In Second As Detroit Drops To Sixth Place

By HUGH S. FULLERTON, JR., Associated Press Sports Writer

While the next couple of weeks of intersectional scrapping may change the picture, two of the biggest surprises so far in the major league season are the Washington Senators and the Detroit Tigers.

Washington opens its first home stand against the western clubs of the American league today in second place and Detroit starts casted with the St. Louis Browns for sixth. That reverses the way they were picked in the Associated Press spring poll.

The Senators, of course, have profited greatly by the weakness of the Philadelphia Athletics, winning four out of five from them, but Washington's half-game margin over the Boston Red Sox and New York Yankees can't be laughed off.

The Senators gave the Yanks a whole of a tussle yesterday before going down 3-2 and they may make trouble for Cleveland when the league-leading Indians invade the capital today. After the Yanks revised batting order, with Lou Gehrig down in sixth place, had popped on Jimmy Doherty for a 3-0 lead, the Senators started a comeback that drove Monte Pearson to cover and filled the bases in the eighth before Johnny Murphy checked the threat.

Joe Dimaggio's second homer in two days was the big Yankee blow, but it was Joe's error, too, that gave the Nats their second run.

Detroit's main difficulty has been too much Cleveland, as the Tigers have lost five out of six to Oscar Vitti's mighty men.

Rookie Woodrow Davis was the only one who could check the Tribe yesterday and he didn't come in until a ten-run uprising in the fourth had ruined any faint hope of victory. While Johnny Allen held the Detroiters to seven blows, the Indians pounded Jake Wade, Harry Eisenstat and Al Benton for nine in their one big inning.

The Giants, invincible against the eastern clubs of the National league, polished off Brooklyn for the sixth time, 7 to 4. A combination of six-hit flinging by Cliff Melton and homers by Jimmy Ripple, Hank Leiber and Joe Moore proved too much for the Dodgers.

Cincinnati's Reds, who tackle the champions next, tuned up with their third straight triumph over Pittsburgh, 8 to 6. Two homers by Ival Goodman paced the Reds and, incidentally, gave Goodman the big league lead in four-base swatting.

The St. Louis Cardinals, with Joe Medwick leading a typical "Gas House" uprising, belted over the Chicago Cubs 6 to 3 while Boston's Red Sox routed the Athletics 13 to 1 in the other big league games. The Iles and Phillips and White Sox and Browns took the day off.

Other outstanding athletes entered in the meet are Howard Leamy and Casey Rish of Cleveland East, distance stars; John Linta of Mansfield, Ohio's leading pole vaulter; Tom Wright, fast-stepping high hurdler from Akron Garfield; John Streza of Alliance and Ligibel of Toledo Scott, shot putters, and William of Akron South, discus thrower.

Leamy of Cleveland East ranks as one of the best milers in the state, while Rish is rated as one of the top-notch half-milers. Linta recently won the pole vault in the Mansfield relays at 12 feet 8 1/4 inches and has been soaring over 13 feet consistently in practice.

Wright of Akron Garfield, stepped the high hurdles in less than 15 1/2 seconds, while Streza of Alliance and Ligibel of Toledo are good for heaves of more than 49 feet in the shot put. Williams has thrown the discus over 125 feet and stands a good chance of breaking the night relays record of 126 feet 4 inches set by William Smith of Salem in 1931.

The Toledo Scott two-mile relay team of Mason, Paul, Skinner and Grems, which set a record of 8 minutes, 30.4 seconds at Mansfield, is also one of the outstanding entries.

With the javelin throw eliminated because of its danger to spectators and competitors, the meet will include 17 events. These are: Shot put, discus, 120-yard high hurdle, 220-yard low hurdles, pole vault, high jump, broad jump, 100-yard dash, 220-yard dash, 440-yard dash, 880-yard run, mile run, and the half-mile mile two-mile, four-mile and medley relays.

As in past meets, the preliminaries will be held in the afternoon with the finals in all but the shot put and discus following at night. The finals in the weight events will be held in the afternoon along with the preliminaries because of the danger to spectators at night. The preliminaries will start at 2 p. m. and the finals at 7:30.

All track and field events will be run off inside the stadium, while the weight events will be held in the vacant field to the west of the stadium so as not to injure the grass on the football field.

Medals will be awarded to first, second and third place winners in the individual events and to mem-

## Old Timers Gain Victory In First Game of Class A Softball League Campaign

Veterans Defeat Trades Class; Ohio Edison Wins Over Demings; Gabby Guappone Pitches No-Hit, No-Run Game In Class B League

Opening defense of their Class A Softball league championship, the Old Timers registered their first victory of the 1938 season Monday evening as they trounced the Trades Class, 7 to 3, in one of two senior circuit games at Centennial park.

The Ohio Edison got away to a good start in the other Class A game, pounding out a 14 to 4 victory over Demings. Bunching two runs in the third, three in the fourth and two in the fifth innings, the Old Timers had no trouble in chalking up a win in their initial contest.

The veterans held the Trades Class scoreless until the fifth frame when home runs by Davis and Kasso resulted in the Tradesmen writing three runs into the scoring column.

Bill Miller worked four innings on the mound for the Trades Class in the fifth. Together the two Trades Class mound artists allowed five hits.

George (Slim) Early went the full distance on the mound for the Old Timers, giving up six hits in gaining his first mound victory.

Pete Sanders and Cliff Greenisen contributed the heavy hitting for the Old Timers, each collecting two bingles.

The Ohio Edison staged a five-run uprising in the third inning and a seven-run spurt in the fourth frame to come from behind and conquer Demings.

The Pumpmakers took the lead with two runs in the first frame, but failed to support their advantage in the late innings. Brad Akens and Matt Carr each slapped homers to lead the Ohio Edison's hitting.

Lee Christen covered the mound assignment for the O. E.'s and pitched effectively to set the Demings batsmen down with only five hits.

A no-hit, no-run pitching performance by William (Gabby) Guappone of the Columbians featured the opening games in the Class B circuit in which the Columbians shut out the defending champion Emmanuel Lutherans, 6 to 0, and Baptists defeated the Christians, 10 to 3.

Guappone faced 16 batters in turning in his perfect hurling job. The Columbians supported him with one run in the first frame and five in the third.

Five errors by the Christians enabled the Baptists to chalk up an easy victory in their first start of the season. The Baptists collected only seven hits from Frank Akelson but capitalized on the Christians' mistakes to score frequently.

## MANY BIG TEN TRACK STARS NOW MISSING

Annual Western Conference Meet Without Star Talent

By FRITZ HOWELL

COLUMBUS, May 3. — Thirty-three of the 70 point winners of the 1937 Western conference track and field championships will be on display here May 20-21 in the 38th annual Big Ten classic, but first place in 10 of the 14 individual events have passed out of the picture.

Michigan's mighty squad of last year, which won the meet for the 15th time with a score of 60 points, has but two men back from its 1937 point-scoring. However, those two accounted for 19 points, William Watson winning first in the shot put, discus and broad jump, while John Townsend grabbed second in the discus.

Gone are such stars as Don Lash of Indiana, winner of the mile and two-mile runs; Bob Osgood of Michigan whose 14-flat is the world record in the high hurdles; Mel Walker of Ohio State, who soared to victory in the high jump; Sam Stoller of Michigan, winner of the century dash; Charley Beetham of Ohio State, winner of the 880-yard run and member of the winning mile relay quartet; Bob Collier of Indiana, 220-yard dash winner; Bob Pettigrew of Ohio State, javelin champion; Al Haller of Wisconsin, winner of the pole vault, and Steve Mason of Michigan, who romped to victory in the 220-yard low hurdles.

Watson, three-event victor, and George Halcoro of Chicago, winner of the 440-yard run, are the only 1937 champions coming back, but there's a flock of new talent taking the places of the departed.

Indiana's Hoosiers, who finished second last year with 42 points, two ahead of Ohio State, have three second-placers, two third-placers, two fourth-placers and one fifth-placer returning. The Bucks, who have never won the championship, have two second-placers, a third-placer, two fourth-placers and one last-placer, as well as two members of the winning mile relay quartet available again.

Illinois has five point-winners coming back, Iowa and Wisconsin have three each, Chicago two and Minnesota and Purdue one each. In the 37 years the Western conference championships have been held since the turn of the century, Michigan has won 15 times, Illinois 12, Wisconsin and Chicago three each, and Indiana once. Iowa, Minnesota, Northwestern, Ohio and Purdue have never broken into the king row.

## BOWLING RESULTS

Mullins Foremen eliminated from the American league's round-robin tournament at the Masonic alleys last night, leaving only two teams—Ohio Edison and Masons—in the event.

The Edisonites ousted Mullins from the tourney, whipping the Foremen, 2501 to 2424. The O. E. team has won three matches and lost one and will now face the Masons, who have won four matches and lost none.

At the Grate alleys last night, standings remained unchanged in the Quaker City league as both the first and second place teams won three games.

## Train Schedule

Pennsylvania railroad train schedule, effective April 24:

### Eastbound

302—3:37 a. m., Cleveland to Pittsburgh.

106—5:42 a. m., Flag stop to discharge passengers from Toledo and Detroit.

54—6:36 a. m., Flag stop to receive and discharge passengers.

648—8:33 a. m., Local, Alliance to Pittsburgh.

324—9:31 a. m., Cleveland to New York.

119—1:54 p. m., Chicago to Pittsburgh.

338—6:37 p. m., Cleveland to Pittsburgh.

52—6:44 p. m., Flag stop to let off passengers from Mansfield and beyond.

38—9:50 p. m., Cleveland to New York, Baltimore and Washington.

### Westbound

301—3:57 a. m., Pittsburgh to Cleveland.

39—6:50 a. m., Stops to discharge passengers from Harrisburg and beyond.

303—9:14 a. m., Pittsburgh to Cleveland.

79—10:08 a. m., Stops to receive passengers for Ft. Wayne and beyond only and to discharge from Harrisburg and beyond.

43—11:04 a. m., Pittsburgh to Chicago.

117—2:09 p. m., Pittsburgh to Detroit.

## GRAND JURORS HIT GAMBLING

Forty-six Indictments Are Listed As Report Is Made

(Continued from Page 1)

Mrs. Clara Saunders, Perry township, adultery; Ray Schopfer, alias Buck Schopfer, West township, rape; Norman E. Bratt, East Liverpool, operating a motor vehicle without the owner's consent; William Henthorne, Calcutta, drawing and pointing firearms; John Beesil Booth, alias George Beesil Lewis, Salem, rape.

The jury also ignored an investigation into the death of Roy (Happy) Marine, Youngstown racketeer, whose bullet-riddled body was found near Rogers last fall. Three men are under arrest in Youngstown charged by Mahoning county authorities with the slaying.

In addition to the three aces continued by the jury, decisions were deferred on four other cases. These are: Ferd Neff, Salem, driving while intoxicated; Robert Biles, Salem, removing mortgaged property; P. A. Barcus, Lisbon R. D., assault and battery; E. T. Buchanan, Wellsville, rape.

The case against Buchanan was referred to juvenile court with a recommendation that the defendant be prosecuted under juvenile laws. Biles was indicted for non-support but the second charge was held for later action.

**May 9 Arraignment Day**  
Arraignment day has been set for May 9. At this time those against whom true bills were returned will appear before Common Pleas Judge W. F. Lenes to enter pleas. Those pleading guilty will be sentenced at once and the other remanded for trial.

The periodic inspection of the county jail required of all grand juries culminated this session. The jury, varying the usual formula, did not recommend a new jail except by implication.

"It is the opinion of the jury," this phase of the report read, "that the county jail is in as good a condition as possible. We extend to those in charge our approval."

In accepting the report Judge Lenes thanked the jurors for their "faithful work." He stated that unfinished business made it necessary to adjourn the body until June 6, indicating at the same time the jurors might be recalled prior to that date if the court docket permitted.

## Theater Attractions

Clark Gable, Myrna Loy and Spencer Tracy head the excellent cast of "Test Pilot," the State theater attraction tonight and Wednesday. Lionel Barrymore has an important supporting role.

The picture gives an intimate insight into the lives of men who dare death to pave the heavens for future generations, has been acclaimed by aviation experts, military and civil, to be the truest picture of aviation ever produced.

Clark Gable plays the title role as a daring aviator, willing to risk life and limb for a job he loves, living every minute of his life up to the hilt, existing on "borrowed time."

### Combats Lure of Sky

Myrna Loy plays an unsophisticated farm girl who married the famous flyer and finds herself combating the unseen lure of the sky in a battle to win the love of her husband.

Spencer Tracy, as the best mechanic in the business, takes care of Gable's plane and takes care of Gable, a double duty that is almost too much for one man.

Lionel Barrymore is given the lovable role of an aircraft manufacturer who hires Gable and who finally persuades him to give up his perilous life.

Supporting players include Samuel S. Hinds, Marjorie Main, Ted Pearson, Gloria Holden, Louis Jean Heydt, Virginia Grey, Priscilla Lawson, Claudia Coleman and Arthur Aylesworth.

Victor Fleming and Louis D. Lightou, director and producer respectively, were reunited in the same capacities for the new picture.

### Two Pictures At Grand

Two pictures will be seen Wednesday and Thursday at the Grand.

The final meeting of the Scrambling Folks of Scramble was held April 29 at Center school in charge of the president, Marie Kastenhuber.

Raymond Zepernick gave the treasurer's report. Since the school calendar for the remaining three weeks of school is filled, the club has cancelled all meetings for this year.

Etiquette was a topic for discussion. Girls of the seventh and eighth grades served lunch after the meeting.

Clark Gable, Myrna Loy and Spencer Tracy in a scene from "Test Pilot" showing at the State tonight and Wednesday.

The first is "This Marriage Business," with Victor Moore, Allan Lane and Vicki Lester. The other film is a historical drama "Heroes of the Alamo."

The double bill concluding at the Grand tonight is: "Walking Down Broadway," with Claire Trevor, Phyllis Brooks, Leah Ray, Dixie Dunbar, Lynn Bari, Jayne Regan, Michael Whalen, Thomas Beck, Douglas Fowley and Jed Prouty; and "Romance in the Dark," Gladys Swarthout, John Boles and John Barrymore.

The governor did not outline what relief program he would recommend, but this he did say: "I doubt very much whether a majority of either house would vote for new state taxes. We will do the best we can against adverse sentiment."

## GOVERNOR CALLS RELIEF SESSION

Legislature Will Return May 16 To Study State Needs

(Continued from Page 1)

poor aid funds for the remainder of the year. By Governor Davey's own recent admission, the program-to-be likely will be of a stop-gap nature. He told officials of Ohio cities two weeks ago that the pressing need was to care for indigents this year.

"We will take care of 1939 when it comes," he declared.

Members of the Ohio league of municipalities estimated that \$17,000,000 would be needed for the remainder of 1938, thus making the state relief cost for the year total at least \$29,000,000. The estimated cost in 1937 was \$27,000,000.

Relief rolls have grown this year, figures in the state auditor's office revealed, and the rolls of the works progress administration in Ohio have climbed to a figure never before touched.

The governor did not outline what relief program he would recommend, but this he did say: "I doubt very much whether a majority of either house would vote for new state taxes. We will do the best we can against adverse sentiment."

### Seeks Cooperation

"If we can have earnest co-operation and a brief moratorium on cheap politics, there is some hope that the problem may be solved."

He said that his lawyers were attempting to draft legislation from a plan submitted by the municipalities league.

The governor blamed his delay in calling the legislature on "procrastination of city officials" in drafting their program, and charged that "extravagant administration" was responsible for a breakdown in relief at Cleveland.

"The state," he asserted, "has been dry on current funds and special revenues to help the local subdivisions and yet they constantly refuse to help themselves."

He declared that no effort is being made in Cleveland to collect delinquent taxes totalling over \$90,000, which might be used for poor relief. The city also has legal power to enact adequate new taxes to solve the problem, he added.

## PRIZE AWARDS ARE ANNOUNCED

Special Pulitzer Honors Go To Group Of Canadian Papers

(By Associated Press)

NEW YORK, May 3.—Departing for the first time from the routine designation of Pulitzer prize winners, Columbia university's trustees have honored a group of Canadian newspapers for their campaign to protect the freedom of the press.

A special award, the first since the annual prizes began in 1917 under the will of Joseph Pulitzer, went to the Edmonton (Alberta) Journal and 96 other provincial newspapers which campaigned against the Alberta press act, now up for review by the privy council in London.

### Pittsburgh Honored

Sharing the regular Pulitzer prizes were the Bismarck (N. D.) Tribune; Reporter Raymond Spriggle of the Pittsburgh Post-Gazette; Arthur Krock, Washington correspondent for the New York Times; Associate Editor W. W. Waymack of the Des Moines (Iowa) Register and Tribune; and Cartoonist Vaughn Shoemaker of the Chicago Daily News.

Two former Pulitzer winners—Thornton Wilder and Marquis James—were among those named for the awards in letters. Wilder received \$1,000 for his current play "Our Town." James shared with Odell Shepard the 1937 prize of \$1,000 for the most distinguished American biography.

The award was for James' two-volume biography of Andrew Jackson and "Pedlar's Progress, the Life of Bronson Olcott," by Shepard, an English professor at Trinity college, Hartford, Conn.

Other awards were: John Phillips Marquand, best novel of 1937, "The Late George Apley." Paul Herman Buck, Harvard history professor, history, "The Road to Reunion, 1865-1900." Marya Zaturensky's "Cold Morning Sky," best book of verse.

Revealed Black As Klansman  
Reporter Spriggle's series disclosing Justice Hugo L. Black's one-time membership in the Ku Klux Klan won the \$1,000 award for a reporter's work in 1937.

The Bismarck Tribune received \$500 for the "most distinguished and meritorious public service rendered by a newspaper" for its campaign to restore the confidence of drought-stricken residents of the dust bowl.

Krock, winner of a similar award in 1935, received the \$500 prize for distinguished service as a foreign or Washington correspondent for his exclusive interview with President Roosevelt on the President's political philosophy.

A similar award went to Waymack for outstanding editorial writing during 1937, and another to Shoemaker for his anti-war cartoon, "The Road back."

together, sounded the note of opposition to many government measures which their speakers also struck. "Nothing is more needed at the present time than a prolonged period of quiet," Aldrich said, "not a three to six months' breathing spell, but a two or three years' breathing spell."

### Chance to Study

During such a period, he said, "government and business can consolidate, modify and assimilate what has already been done," and can also "study quietly the basis of further reform."

Turning to what he called the "central point" in the theory behind public spending, he denied the validity of the contention that failure of purchasing power to keep pace with production was the cause of economic crisis.

That, he declared, is an idea "drawn from the teachings of the Socialists."

Davis told the meeting today that the "American system of business" has "met the needs of a great nation more effectively and more adequately than any other system has met the needs of any other nation."

However, he continued, "instead of being valued for what it has done, it is denounced for what has not been done."

"We can not cure our ills by improving the lot of the worker and shutting our eyes upon the consumer and investor."

## Student Congress Opens In Wooster

WOOSTER, May 3.—Scores of bills were dumped into the hopper of the First National Student Congress yesterday, opening event of the National Forensic league tournament in which 600 high school students seek national honors in debate, oratory and declamation.

One bill would establish a two-year junior college in each county in each state, financed by a federal sales tax for "brilliant American boys and girls who have no present opportunity to go beyond high school education."

The house consists of 75 members and the senate 30 members. Bills reported out of committee will be debated on the floor and voted upon before the congress ends its session on Thursday.

Finals of all contests except debate will be determined by Thursday night with the championship debate Friday.

## Heads A. F. of L.'s Mine Workers

Joe Ozanic, president of the newly formed Progressive Mine Workers, was asked by William Green, president of the American Federation of Labor, to invade the stronghold of the CIO in the mine fields, in search of members for the new union. Ozanic is shown at Washington after accepting the responsibility.

## Here and There About Town

### Shoot In Alliance

Scene of the pistol match between Mayor George Harhoff and Safety Director C. E. Donahy and Mayor Floyd Senn and Safety-Service Director V. J. Packer of Alliance, scheduled for Wednesday night, has been transferred to the national guard armory at Alliance.

### Motorist Is Fined

Wilbur Calladine of Leontonia was fined \$10 and costs by Mayor George Harhoff as the result of his arrest Saturday by police on a charge of reckless driving.

### Hospital Notes

John Stasko of North Lima has entered Salem City hospital for medical treatment.

### Church Council Meets

The council of the Holy Trinity English Lutheran church will meet at 8 tonight at the church.

## Att'y Robert Hall Senator Candidate

LISBON, May 3.—Att'y Robert E. Hall of Lisbon this morning announced his candidacy for state senator on the Republican ticket.

Born and reared in East Liverpool, he graduated from high school there, later receiving his degree from Ohio Northern university law school.

For the last nine years he has been associated in the practice of law with Att'y W. B. Moore in Lisbon. Att'y Hall is a member of the Masonic lodge, the Kiwanis club and the Presbyterian church. He is past lieutenant governor of the 10th Kiwanis district.

He is married and has two sons.

## Hitler Continues On Rome Journey

ROME, May 3.—Adolf Hitler moved in triumph across Tuscany late today toward Rome, where Fascism prepared for him the greatest welcome in Italy's history.

As the German Fuehrer's 12-car special train sped southward beneath fair skies, cheering crowds and waving flags greeted him at every station.

From mid-afternoon crowds gathered at the little wayside station of Monterotondo, 15 miles out of Rome, where Premier Mussolini was expected to meet his fellow dictator and confer with him for an hour about his train.
